Colburn Music Academy

Academic High Schools

All Music Academy students are required to be enrolled in an accredited academic high school for the duration of their enrollment in the program. Exceptions to this requirement apply only to students who have already graduated from high school or who are formally participating in a gap year program.

Families should review the options outlined below carefully, as requirements and available pathways differ for domestic and international students. The options listed represent the most selected arrangements; however, families may propose an alternative academic program.

- Students who wish to enroll in any high school other than the three options listed below must submit their proposed school for review and approval no later than **July 1, 2026.**
- Request for alternative high school study may be sent to Vice Provost Cioppa at lcioppa@colburnschool.edu.

ASU Prep – Global Academy

Website

ASU Prep is a leader in **online** private school education and serves K–20 students all over the world.
